Statement of Chief F. Dept in ref. to Carlthorn's suspension

The Chief of the Fire Department then stated to the council the reason why it seemed necessary to relieve or suspend the present driver from further duty, being that of intoxication making him at times totally unfit for duty, and suggested that the council allow him a vacation of 30 days, during which time, he would go to the Excelsior Springs and take the Keeley cure.

Councilman Branson in order to get the matter before the council made a motion that Mr Carlthorn be suspended for 30 days or longer if it seemed necessary to the Chief of Fire Department.

Councilman Pickrell offered as a substitute that Mr Carlthorn remain suspended until he produces a certificate from the Keeley Cure. Certificate to be presented at first meeting in July.

Produce a certificate from Keeley cure.

Councilman Branson, with the consent of his second withdrew his motion, and the question being upon the substitute offered by Councilman Pickrell, a vote was had and the motion prevailed.

Resolution drain Block 58 and First St.

The Com. on Str. and Alleys called for the Resolution read at last reg meeting, with reference to drain at the north end of the alley ing Block 58 across First Street and upon this resolution being read again, Councilman Topping made a motion to adopt the resolution as read upon which a vote was had and the motion prevailed.

Resolution read & alley

City Eng. rep. "Aldroyds Alley"

The matter of draining the alley known as "Aldroyds Alley" having been referred to City Engr. with instructions to report at next meeting, was brought up and report read as follows:-

Ottawa Kansas
May 16" 1894

To S. Topping Esq.
Chairman Com on Streets & Alleys
Ottawa Kansas.

Sir:- As per instruction of the council under date of May 2" 1894, I have examined the alley known as the Aldroyd Alley, being the alley through Blk. 53 and submit the following as my report. I examined the drainage of the alley from Fourth Street to the point where it passes under the Missouri Pacific R.R. on First Street and find, at different points, indications of cutting the channel deeper, or at other point of washing or cutting out the sides of the water-way, while at other and most distant points, the grass is growing to the very edge or overhanging the banks, which at places are shallow, and give little indication of any difficulty in maintaining intact, the adjacent property. Hence, I conclude that occasionaly loads of moderately heavy stone thrown in at intervals, with possibly, a goodly amount of brush at the upper and shed places, being placed before the stone is put in, and arranging it so as to assist in protecting the sides, is all that is necessary to be done at present and then await further indications

Councilman Topping moved that the matter be laid over until the next regular meeting. Motion prevailed.

Proposition of Water Works Company. The following proposition from the Water Works Company was then read as follows:-

City Council, Ottawa Kansas.
Gentlemen:-

There is now past due and unpaid the hydrant rental for the six months ending January 1st 1894. Another payment will be due July 1. for six months ending at that date. We are advised that the January payment has been withheld because it is contended that the water is not clarified at times as it should be.

Now, it is the desire of the Water Works Company to comply on its part with the contract between it and the City. Looking to an amicable settlement of said matters, I am authorized to make the following proposition for behalf of the Company. We now have a well which can be relined as to hold 5,000,000 gallons of water. We propose to build beside it a double reservoir or settling tank, three hundred feet long by one hundred feet wide and eleven feet deep. Across the center of this reservoir we propose to build up brick walls with filter between them. With such an arrangement, by changing the pipes at the Engine House and providing for a proper cleaning of the reservoir and the filter from time to time, we are assured we can give, at all times, water which will, beyond question, satisfy your requirements of us under our contract. We have had the whole matter, with changes as above proposed, submitted to a thorough and competent engineer, and are advised that there can be no question of the success of the plan proposed, if carried out as proposed.

We will at once undertake and will complete as speedily as possible the above specified work, if you will upon your part, agree that you will pay out from time to time, as the proposed work progresses, the money now past due to aid in the work and will likewise pay out from time to time, after July 1st 1894. the rental

when falling due, the amount so paid to be in like manner used in the proposed work, or paid direct to the Company, in case only, that the proposed Works is then completed.

The addition and changes in the plant above proposed will give the Water Works Company a storage capacity of three millions of gallons of water.

Very Truly Yours
H. & M. Bedrdgley. Atty for
Ottawa Water Works & Gas Light Co.

Report of Com. on F. W. and L.

The Committee on Fire, Water and Lights then made the following report:-

Council Room June 11th 1894

Your Committee to which was referred the matter of the proposition of the Water Works Company in reference to putting up settling basins for the purpose of settling the water so that it shall comply with the conditions of their franchise, respectfully report that they have heard the proposition of the Company and the statement of Robert Gillaham, a civil engineer, with reference to the efficacy of the plan proposed, and recommend that the proposition be accepted upon the condition that there be a pressure test and that such test show the pressure required by the ordinance.

Dr. S. Hilliard

Councilman Lofgren moved the report be adopted. This motion was seconded. A discussion then arose as to the manner of making payments and Councilman Lofgren as an amendment to his motion moved that the money now due the Water Works Company, and that shall become due before the conclusion of this work shall be paid pro-rata in regard to the estimate cost of the work; that is, if their works cost $6000. and we owe them $3000.

we pay half, and if it cost $900. we pay one third. Upon this amendment, a vote was had and the amendment was accepted. The question now being upon the motion as amended, a vote was had and the motion prevailed. The report of the Fire Water and Lights Committee adopted.

Upon motion of Councilman Topping a sufficient amount of money was transfered from the General Fund to the Sewer Fund to pay the order of A.E. Litus City Eng. amounting to the sum of $6 00

$6.00 transfered from Genl Fund to Sewer Fund

Report of Com. on F. W. & L. with ref. to W. W. proposition

The Committee on Fire, Water and Lights made the following report.

Council Rooms June 2d. 1874.

Whereas, At an adjourned meeting of the council on the 11th inst. a proposition was submitted to the council by the Attorney of the Water Works Co. in reference to the putting in of settling basins and the payment of hydrant rentage; which proposition was referred to the Committee on Fire, Water and Lights. And upon the report of said committee a motion was duly passed requiring a test as to the capacity of the Pumps of the Water Works and the throwing of six streams continuously from 150 feet of hose, the test to be under the supervision of the Mayor and the Committee on Fire, Water and Lights. And whereas, in compliance with such motion on Saturday, June 16th, at 8 o'clock A. M. an alarm was sent in, and the Fire Company quickly responded and had six streams flowing from the hydrants located as follows: One, on Main & Massachusetts streets, One on Main & Tecumseh, one on Main & First, one on Main & Second one on Main & Third and one on Fourth & Cedar Streets. Now Therefore: The parties supervising the test report the following results, The record of the pressure at the Engine House was:

8.04	60	9.00	50
8.05	110	9.14	55
8.06	80	9.16	50
8.07	50	9.21	55
8.24	60	9.28	50
8.28	55	9.44	55
8.29	50	9.50	60
8.30	60	9.53	55
8.31	55	9.58	60
8.34	50	10.00	50
8.37	55	10.05	45
8.47	65	10.07	45
8.48	55	10.08	60
8.50	60	10.15	60
8.51	55		

Motion to accept

And the measurement of the streams shown was as follows:-

Main and Massasoit,	63.41	feet
Main and Leonard	85	"
Main and First	89.85	"
Main and Second	83.	"
Main and Third	90.27	"
Fourth and Cedar	87.82	"
This gave an average of	83.22	"

This showing, so far as the heights of the stream is considered, we deem to be within the requirements of the ordinance on such a test; though the pressure at the Engine House did not, during the whole time come up to the requirements of the ordinance in case of fires. On the whole we report that we consider the test satisfactory.

W. D. Crane
Wm Mapes
Henry Ott.

Upon motion of Councilman Pickrell the report was received and placed on file.

Motion of Councilman Mapes to accept.

Councilman Mapes then made the following motion.

Mayor Grayor, I move you that since the test has proved satisfactory, the proposition of the Ottawa Water Works & Light Co. be accepted, upon the condition that the Company agree to put in a grout wall one foot thick and of sufficient height to hold the quantities of water mentioned in the proposition, and that the Company agree to put in a Coke filter between the settling basin and the reservoir if the quality of the water without such filter should not comply with the requirements of the ordinance, and that the payment of the rental be one-third of the cost as the work of putting in the settling basins progresses till the rental due has been exhausted.

Wm Mapes

Motion prevailed

Upon this motion a vote was had and the motion prevailed.

Upon motion of Councilman Byers, the next regular meeting of the Council will be held on the First Tuesday of next month.

Coun. to ask Mr Branson to withdraw resignation

Upon motion of Councilman Pickrell that Mr Topping be appointed a Committee of one to wait upon Mr Branson and ask him to withdraw his resignation, a vote was had, and the vote not being unanimous, Mr Mapes called for a division of the house by the raising of hands. This resulted in four in favor of the motion and one against. The motion prevailed.

Lamp in outer hall

Councilman Pickrell moved that the Mayor be appointed a committee of one to see that a lamp be placed in the entrance way, or outer hall. Motion prevailed.

reduce price of merry-go-round

A petition asking the privilege of running a Merry-go-round at reduced price was presented, and upon motion of Councilman Pickrell the application was laid on the table.

And thereupon Council adjourned.

Toledo Ohio, June 30th 1894

To the Hon. Mayor & Council.
Ottawa, Kansas.

Gentlemen:- As the representative of the owners of $15.500 of 7% interest Bonds issued by the City of Ottawa Janry. 1st 1872 to the Kansas Leity & Santa Fe, Rail Road & Telegraph Company and which are part of the compromised debt. We hereby request the City to refund the same, either as 7% interest bonds running 7½ or 8 years, the interest payable semi-annually. The principal and interest payable at the Fiscal agency of the State of Kansas in the City of New York.
Or, as 6% interest Bonds, which shall bear date of July 1st 1894, or as soon thereafter as practicable, interest semi-annually, the principal and interest payable in the City of New York. The principal payable as follows:- $3000. July 1st. 1909; $3000. July 1st 1910.; $3000. July 1st 1911.; $3000. July 1st 1912 and $3500. July 1st 1913. We to furnish the Re-funding Ordinance, proceedings and blank Bonds free of cost to the City.
Said re-funding Bonds must be legally and regularly issued, and we are to be furnished with a certified copy of the proceedings of council evidencing their legality to the satisfaction of our Attorney prior to exchange of bonds. Said exchange to be made through the First National Bank of Ottawa.
We are to have fifteen days in which to decide which proposition we will accept.
When Council has accepted this request

and it has been signed in duplicate, by its direction, by the Mayor and City Clerk, and a copy of same forwarded to us, it shall be considered as a contract between said City and said Spitzer & Co.

Spitzer & Co.
