Whereas on April 4th, 1906, a petition was duly filed with the City clerk of the City of Ottawa, requesting the Mayor and Councilmen of said City to cause Black Hawk Street in said City to be opened and extended 75 feet in width from Main street to King street, and also that they cause an alley 18 feet in width to be opened on the alley line between Main street and King street, and to extend from Redjacket Street to Wilson street,

Thereupon, on September 5th 1906, a resolution was duly passed by the Mayor and Councilmen of the City of Ottawa ordering the opening of such street and alley, and that appraisers be appointed to assess and determine damages therefor as provided by law. And thereupon N. H. Coman, G. N. Myers and D. C. McQuesten, three disinterested householders of said City, were duly appointed such appraisers, and said appraisers then took and subscribed an oath as is provided by law. That after taking and subscribing said oath, said appraisers met at the places where said street and alley were to

be created, extended and opened and personally inspected and viewed said premises and thereupon did appoint one of their number to give notice to each of the owners, or their agents, if non-residents of the City, of lands or lots wholly or partially taken or injured, as is provided by law; and such notice was thereupon given as is provided by law. That later and on October 2nd, 1906, at the office of the City Clerk of Ottawa, Kansas, the same being the time and place specified in said notice, said householders met to consider and assess said damages, and thereupon certain owners of property to be taken for said street and alley presented their written waiver of damages therefor; which written waiver is as follows;

Resolution to annul franchise given Hugh A. Holmes for Inter-Urban R.R.

The following preamble and resolution was also presented and read:

Whereas, by ordinance No. 527 of the City of Ottawa, Hugh A. Holmes, his successors and assigns, was granted the right, privilege and authority to construct, operate and maintain an electric railway upon and along certain streets and avenues within the City of Ottawa, and

Whereas, it was provided in Section Sixteen (16) of said ordinance that should the grantee fail to construct, operate and maintain said railway through the City of Ottawa within Eighteen months from the date of the passage of such ordinance, or should fail to have the same in actual and continuous operation as an inter-urban line between the Franklin County line north or east of Ottawa to the City of Ottawa within Eighteen months from the passage of such ordinance, then all the privileges granted in said ordinance should terminate and any work done within the city limits be forfeited to the City of Ottawa, and it was provided in Section Seventeen (17) of said ordinance that if the grantee therein should fail or neglect to comply with the terms of said Ordinance, the said grantee shall, at the election of the City, forfeit the rights and privileges in said ordinance granted, but that before declaring such forfeiture, the City shall first serve a written notice upon said grantee, setting forth in detail the neglect, failure or default complained of and the said grantee shall have ninety days thereafter to comply with the provisions of said ordinance; but if such failure, neglect or default is continued beyond such ninety (90) days, the City may by ordinance declare said grant and franchise forfeited, and thereby the same shall become forfeited, and

Whereas, more than Eighteen (18) months has Elapsed since the passage of said Ordinance, and the said Hugh A. Holmes, his successors and assigns, have failed to construct, operate and maintain said railway through the city of Ottawa, as provided in

Sections Two (2) and Sixteen (16) of said Ordinance, and have failed to have said railway in actual and continuous operation as an interurban line between the Franklin County line north or East of Ottawa and the City of Ottawa, as provided in Section Sixteen of said Ordinance,

Resolution to annul franchise given Hugh A Holmes for interurban R.R.

Now, therefore, Be it resolved by the Mayor and Councilmen of the City of Ottawa, that the City Clerk of said City be instructed to notify the said Hugh A Holmes, his successors and assigns, as provided in Section Seventeen of said Ordinance, that unless they shall cause said railway to be constructed, operated and maintained through the City of Ottawa within Ninety (90) days from the date of the service of such notice upon them; and unless they shall, within said time, have the same in actual and continuous operation as an interurban line between the Franklin County line north or East of Ottawa to the City of Ottawa, the said City will by ordinance, declare the grant and franchise so given to Hugh A Holmes, his successors and assigns, under said Ordinance No. 527, forfeited, and the same will thereby become forfeited and all privileges granted thereby will terminate, and any work done within the City limits will be forfeited to the City.

Ottawa Kas June 3rd. 1907. John Nelson. Mayor

A call of the roll showed the following Councilmen present: Armstrong, Martin, Mitchell, Reid & Warner. with Mayor Nelson presiding.

The following Communication was presented and read;

June 3rd. 1907

To the Hon. Mayor and Councilmen of the City of Ottawa. Kas

Gentlemen;

The Board of Water & Light Commissioners would respectfully recommend that the Council make an appropriation to the City Treasurer in the sum of $2.000, with which to pay freight on 15 Cars of water pipe, 11 Cars of which have already been shipped from the foundry.

This is requested from the fact that this freight must be paid upon the arrival of the Cars.

The Board would recommend that the Council proceed to advertise for bids for digging trenches for the laying of water pipe, and would also recommend

the adoption of the Specifications prepared by W. O. Myers, City Engineer, for said work

The Board requests permission to enter into Contract for 27 fire hydrants, 16 four inch valves, four 6 in. valves and 5 fire 8 inch valves complete. This is asked that this matter may be closed up with all possible haste, and to avoid awaiting another meeting of the Council to close up this matter.

The Board requests that the Council direct that the water pipe on Walnut street between Fourth and Fifth streets and on Main street between Seventh and Eighth streets where the ~~said~~ pipe has been uncovered by recent street improvements be lowered to a proper depth at the expense of the Streets and Alleys Fund, as this is to our minds a part of the expense of a street improvement and, if borne by the Water & Light Dept. would be a great injury to the department net Earnings.

Respectfully submitted,
The Board of Water & Light Commissioners
by F. J. Pickrell, Pres't.

To the Hon. Mayor & Councilmen of the City of Ottawa,
Gentlemen;

The Board of Water & Light Commissioners herewith submit and recommend for passage, an ordinance amending Section 1. of ordinance No. 638 of the City of Ottawa, the same being an ordinance creating positions and fixing the salaries of employes of the Water & Light Department.

The amendatory ordinance submitted is one to increase the salary of the Sec'y & Cashier to Eighty three and one third Dollars per month.

This recommendation is made by the unanimous vote of the members of the Board, they knowing the great amount of overtime required to be worked in order to dispose of the volume of business of the department, and knowing too, that if the same rule of overtime work that applies to every other employe of the department applied to the Sec'y he would now be receiving about as much salary as we are asking that he be given, therefore the board most earnestly request the passage of the ordinance.

Respectfully submitted
The Board of Water & Lt. Commissioners
by W. J. Pickrell, Prest.

After some discussion the matter was referred to the Fire, Water & Light Committee.

of the City of Ottawa, for the purpose of supplying natural gas and Electricity to said city and its inhabitants, fixing the maximum prices therefor, and determining the conditions of said grant" and repealing said original section, was read the first time and rontoon under the rules.

Park Com'r recommends purchase of West side addition

The following communication from G.C. Smith, Park Commissioner, was presented and read;

June 5th 1907

Hon. Mayor & Council, City of Ottawa,
Gentlemen:

For years, those interested have believed that it was to the city's interest to control the properties on the west side of Forest Park known as the Haberly and Corrigan properties lying between Wilson creek and the Park. Heretofor it has been impossible to secure them upon reasonable terms. They can now be purchased for $1265, and the parties purchasing will turn them over to the city without any profit to themselves, to be paid for in three annual installments without interest. I would recommend their purchase upon these terms. The deeds call for more than seven acres.

Respectfully
G.C. Smith
Park Commissioner

After consideration and discussion it was voted to adopt the above recommendation

On motion the Council adjourned.
